

Teacher/ Counselor NM MESA Student Recommendation Form

Dear Colleague:

New Mexico Mathematics, Engineering, Science Achievement (NM MESA), is currently recruiting new participants and I need your help. Our mission is to increase the percentage of minority students enrolled in college preparatory mathematics, science and English Courses. These students are historically under-represented in math, science and engineering professions. I would appreciate a list of such students currently enrolled in a college prep math or science class. Please have them complete the attached Student Interest Survey Form.

Please contact me with any questions you may have. Your cooperation is important to the success of NM MESA. With your assistance, we will continue to “Build Tomorrow ... Today!

Thank you for your help.

Sincerely,

NM MESA Advisor
